

CLEAN ENERGY EQUITY SHOWCASE

Solar Minigrids Innovator

STATUS:
For-profit

SIZE:
10 employees

YEAR FOUNDED:
2017

HEADQUARTERS:
Grass Valley, California

WHY OUR WORK MATTERS:

Rural energy consumers have limited and expensive options for energy. Consequently, there are 1 billion people around the world without access to reliable electricity.

WHAT WE DO:

BoxPower provides turnkey solar mini-grids in containers as an affordable, reliable and convenient clean energy solution to rural communities.

HOW WE PARTNER WITH THE PRIVATE SECTOR:

BoxPower works with regional energy consultants, generator distributors and utilities for its projects.

WHO WE SERVE:

- Indigenous communities in Alaska, disaster victims in Puerto Rico and those left behind by traditional energy infrastructure around the world.
- Projects in Alaska, Puerto Rico, Hawaii, and California.

OUR ASK OF THE VERGE COMMUNITY

- In region-distribution partners
- Funding connections for Series A funding in the third quarter of 2020
 - Technology suppliers looking to access our markets
 - Top-end talent as we scale
